The team at UnVeiled Dress Co. has been proudly outfitting Saskatchewan brides since 2013. We know that choosing your dream dress requires more than just a regular shopping experience. We pride ourselves on being able to offer next level service. The UnVeiled consultants are more than just that, we consider ourselves stylists. We offer one-on-one service for each of our brides, the relationship between a consultant and her bride is important, it is part of our job to get to know our brides so we can help her choose the dress to best suit the venue, the dream but most of all complement her body. We want to make each brides experience a memorable one.

“Our philosophy at UnVeiled is that everyone leaves feeling better than when they came in, we are in the business of making women feel beautiful!” –Aimee

5. MEET THE TEAM

SK Modern Wedding Summit Creators and Event Planners
Karly Zenkawich and Crystal Lyon

Crystal and Karly separately have worked in the event industry for over 20 years combined. In 2020, as a result of an ever-changing industry and market, they joined forces on a few projects, and eventually found themselves as the owner and operators of Brick Loft Event Co. This makes it sound really light and lovely, they worked really hard to get this title!

Together they have planned and hosted over 250 individual events in this time.

SK Modern Wedding Summit initially launched in 2021, as a virtual way for couples and vendors to connect with each other in a time where it wasn't safe to gather in large groups in person. The industry is shifting and changing and they saw it was the perfect time to bring this event LIVE!

Unlike traditional wedding trade shows, your ticket today gets you opportunities to gather and connect with other couples and vendors throughout the year at different information nights.

We also hope you will stop by one of the makers and find yourself leaving with some new treasures!

Thank you so much for joining us!
